Revise and Resubmit

2. Predicting the Predictable: Decomposing and Forecasting Stock Returns in a Data-rich Environment *(with Tingting Cheng and Albert Bo Zhao)*. Resubmitted (First decision: Reject and resubmit) to ***Management Science***.
3. Binary Response Forecasting under a Factor-Augmented Framework *(with Tingting Cheng, Jiachen Cong, and Fei Liu)*. Reject and resubmit at ***Journal of Applied Econometrics***.
4. Market Expectations in the Cross-Section of Leading Present Values *(with Mengmeng Guo and Qiuhua Xu)*. Major revision at ***Journal of Financial Econometrics***.
5. Bootstrap Inference for Present-Value Models with Estimated Factors *(with Tingting Cheng)*. Revise and resubmit at ***Economics Letters***.

Under Review

6. Extracting Predictability: A Time-Varying Factor-Augmented Approach under Mixed Persistence *(with Tingting Cheng, Jiti Gao, and Yayi Yan)*. Under review at ***Journal of Econometrics***.
7. FISTRA: A Financial-Factor-Informed Set Transformer for Learning Tradable Factors from Stock Cross-Sections *(with Tingting Cheng, Fengli Ma, and Yue Zheng)*. Under review at ***AAAI 2027***.

Research Grants and Fellowships

1. National Natural Science Foundation of China General Program (No. 72673089) Through Dec 2030
   Theory and Applications of Nonlinear High-Dimensional Panel Data Models
   Project participant. Principal investigator: Prof. Tingting Cheng.

2. China Scholarship Council Scholarship for Joint Ph.D. Training — Mar 2026 – Mar 2027
   Monash University, Australia
   Recipient of a 12-month scholarship for visiting doctoral research in econometrics.
3. National Natural Science Foundation of China General Program (No. 72173068) — Jan 2022 – Dec 2025
   Theory and Applications of Varying-Coefficient Factor-Augmented Models in the Big-Data Era
   Project participant. Principal investigator: Prof. Tingting Cheng.
